

Twin Towers Initiative

Benefiting
National Law Enforcement
Museum

www.twintowersinitiative.com

On September 11, 2001, 72 members of the law enforcement community made the ultimate sacrifice during the rescue of thousands of people trapped in the doomed buildings that comprised the World Trade Center complex.

In 2004, WMC, Inc. in Alsip, IL donated a one of a kind, 5' tall stainless steel scale model of the New York World Trade Center Twin Towers situated on a pentagon shaped base to the North American Police Ski Championships (NAPSC) in memory of the police officers who lost their lives in the 9/11/01 attack on the Twin Towers. WMC, Inc and its employees supplied all the materials to design, fabricate and assemble (1,135 skilled man-hours) this tribute piece with the understanding that it will be used to raise support dollars to benefit the National Law Enforcement Officers Memorial Fund, specifically the campaign for the National Law Enforcement Museum

The Twin Towers Initiative Committees have set three basic goals:

Pay tribute to the police officers who gave their lives on 9/11/01

Raise money for the National Law Enforcement Officers Memorial Fund to support the National Law Enforcement Museum commemorating fallen officers

Let us never forget the threat of terrorism in our lives even today

A MATTER OF HONOR
